

SPECIAL NOTICE

The information presented in this manual has been prepared in accordance with generally recognized engineering principles. We recommend that this information not be used or relied upon for any application without a thorough review by a licensed professional engineer, designer or architect of the proposed application.

Marlyn Metals, Inc. makes no representation or warranty respecting any information contained in this manual, including but not limited to the accuracy, completeness, or suitability of such information for any particular purpose or use. Marlyn expressly disclaims any and all warranties, express or implied. By making this information available, Marlyn is not rendering professional services, and assumes no duty or responsibility with respect to any person making use of such information. In addition, Marlyn shall not be liable for any claim, demand, injury, loss, expense, cost or liability of any kind whatsoever which in any way arises out of or is connected with the use of the information contained in this publication, whether or not such claim, demand, loss, expense, or liability results directly or indirectly from any action or omission of Marlyn. Any party using the information contained in this manual assumes all liability arising from such use.

Since hazards may be associated with the handling, installation, or use of steel and its accessories, prudent construction practices should always be followed. We recommend that parties involved in such handling, installation or use review all applicable rules and regulations of the Occupational Safety and Health Administration and other government agencies having jurisdiction over such handling, installation or use, and other relevant construction practice publications.
